*With the beginning of
each new year comes
new responsibility . . .*

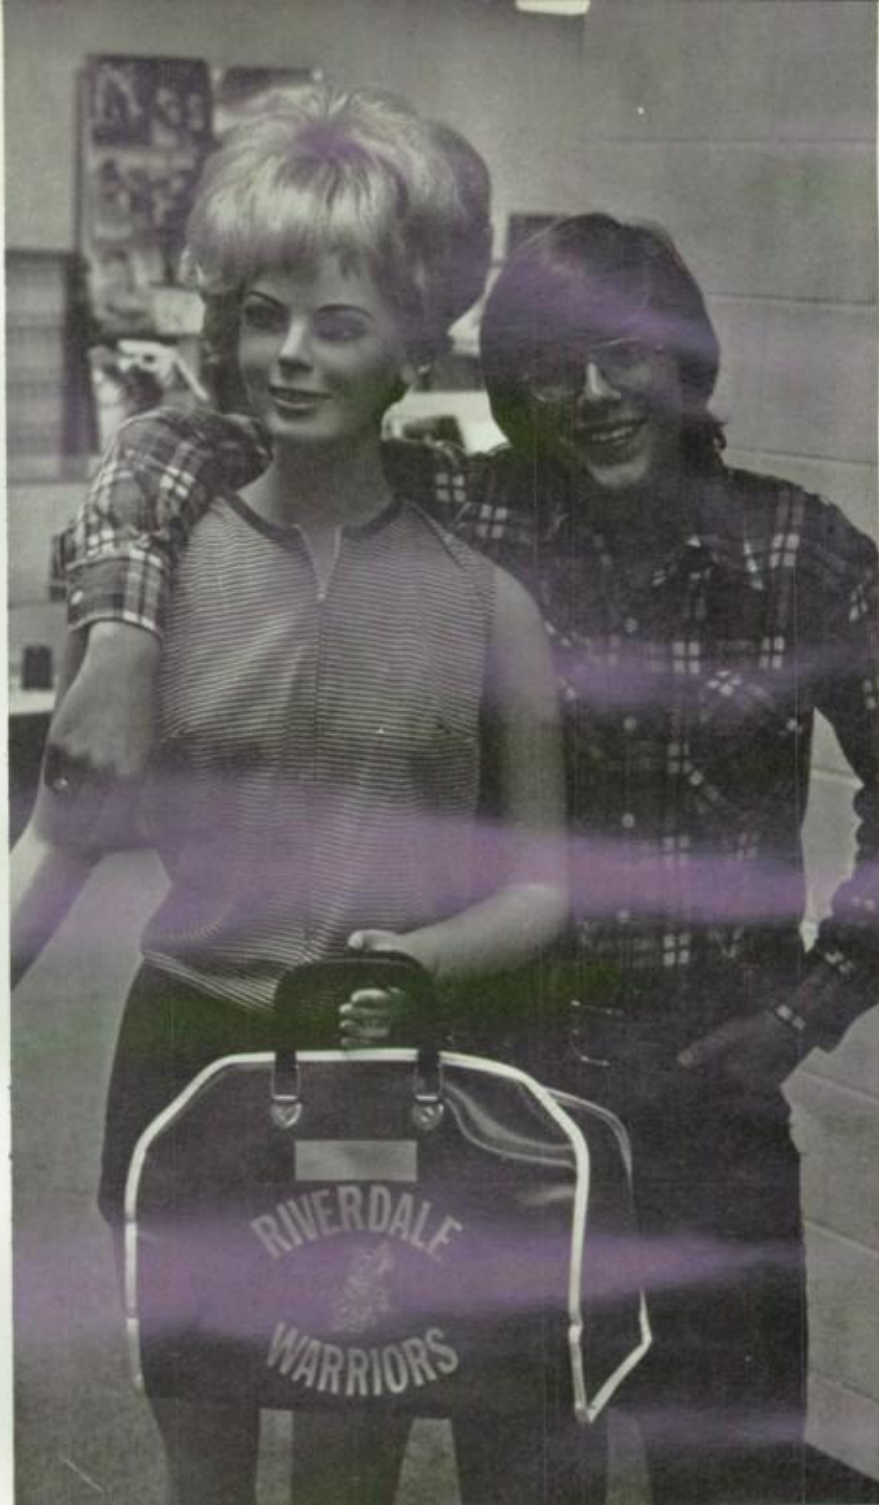

New roads to explore . . .

New challenges to meet and master . . .

*Every individual must find his own way
as best he can . . .*

*Yet we look for someone to lean on,
to confide in, and to trust in.*

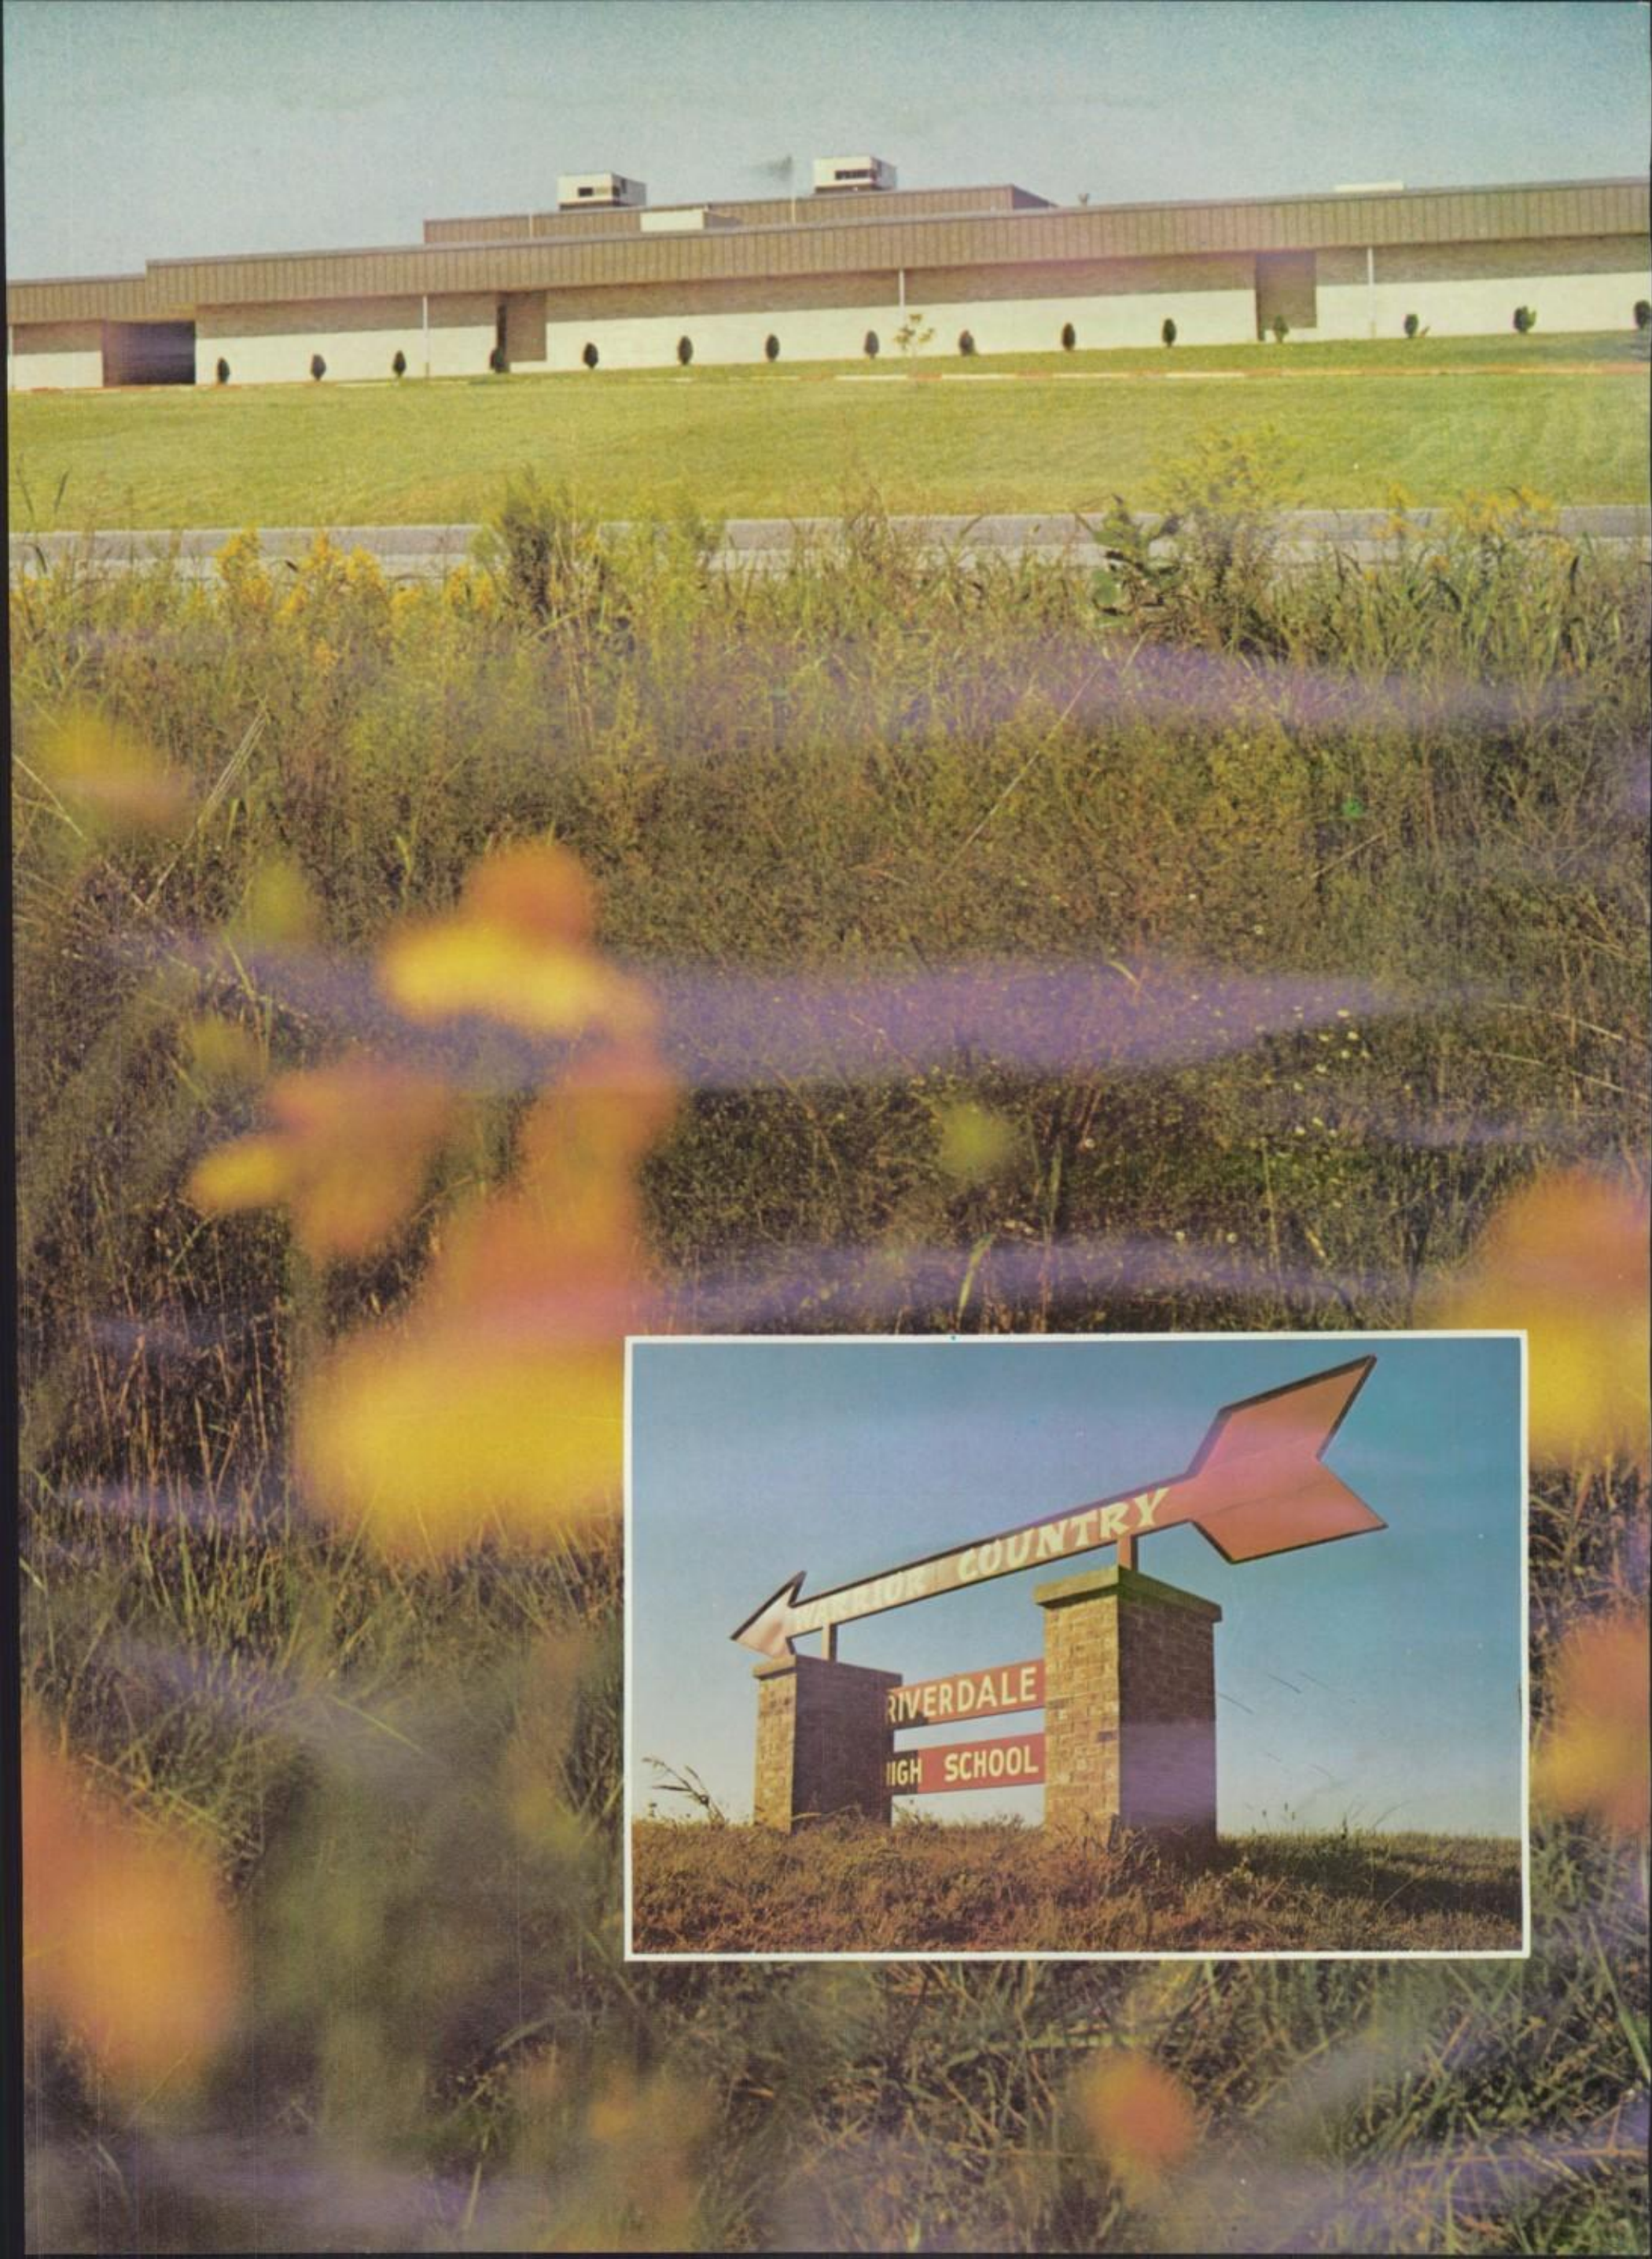

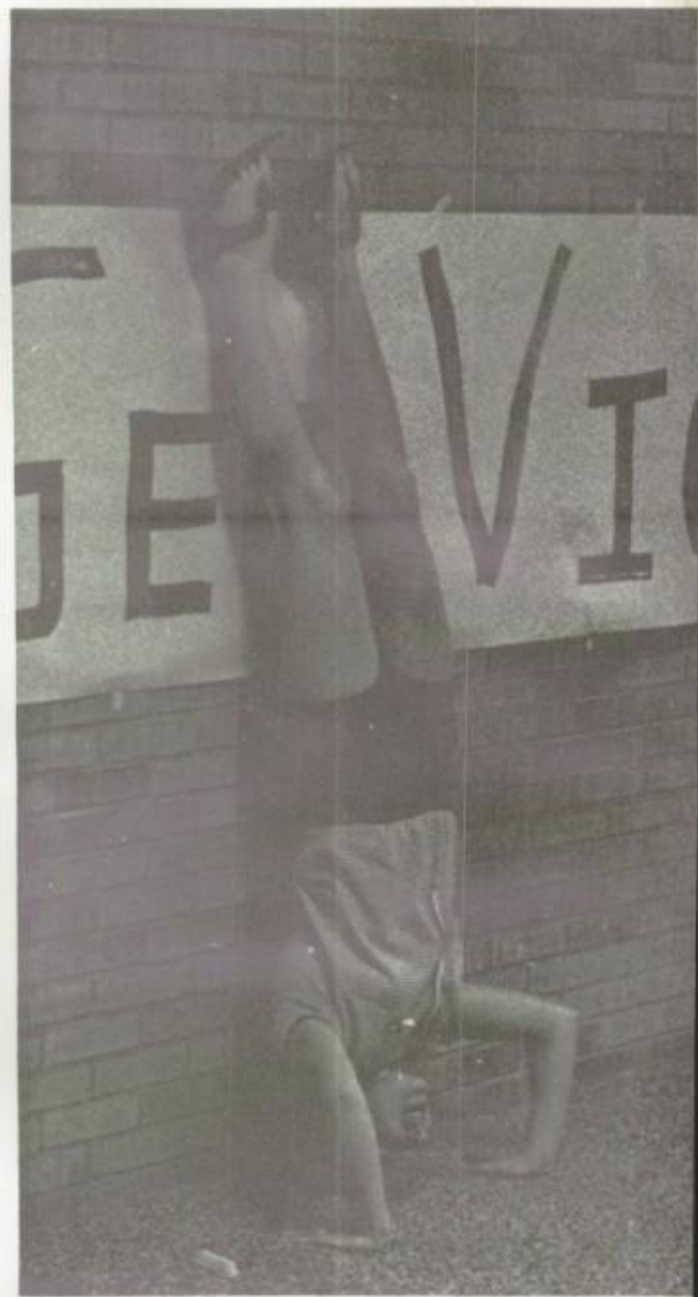

All around us is beauty and wonder . . .

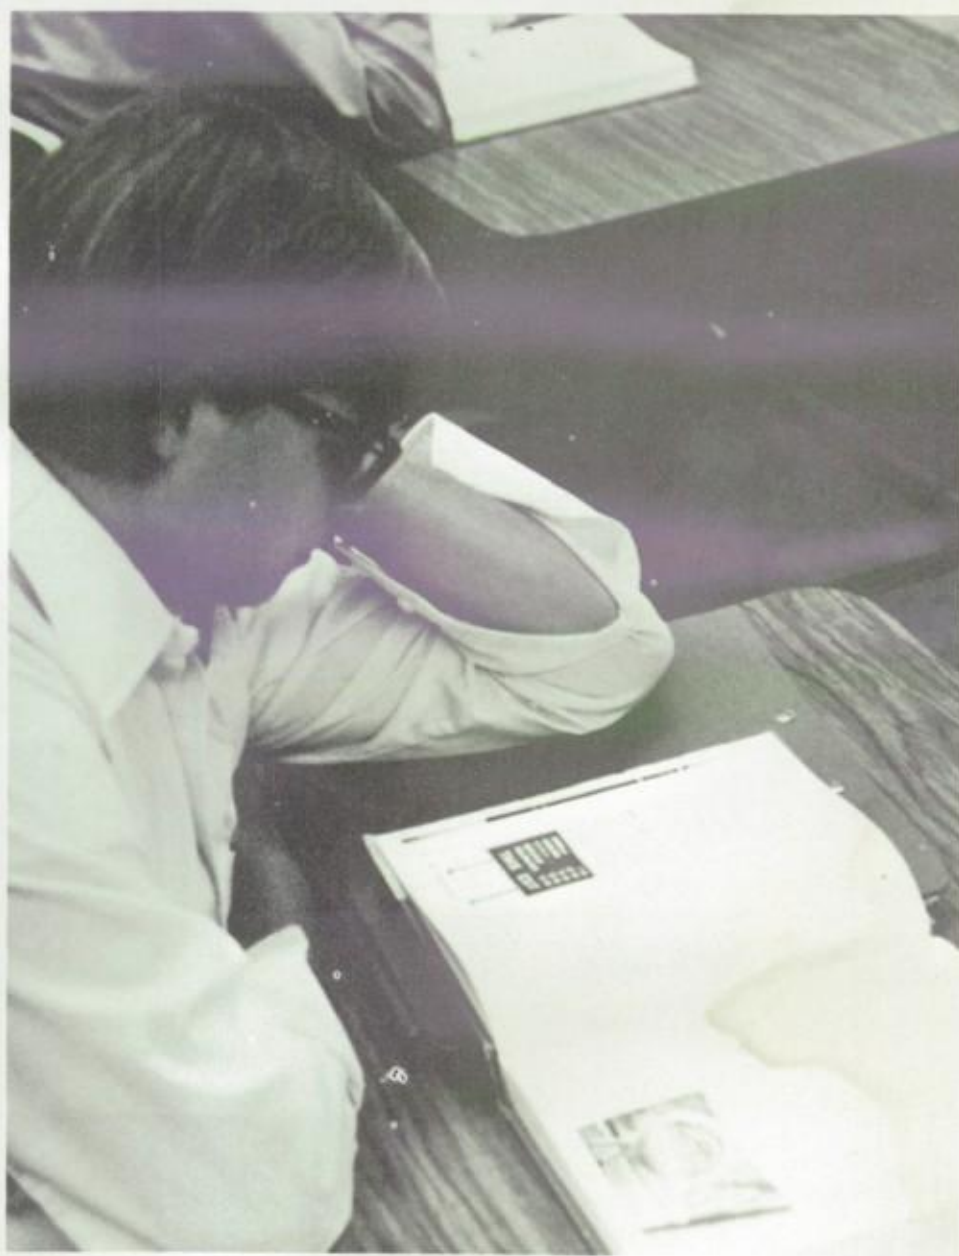

All around us are great accomplishments

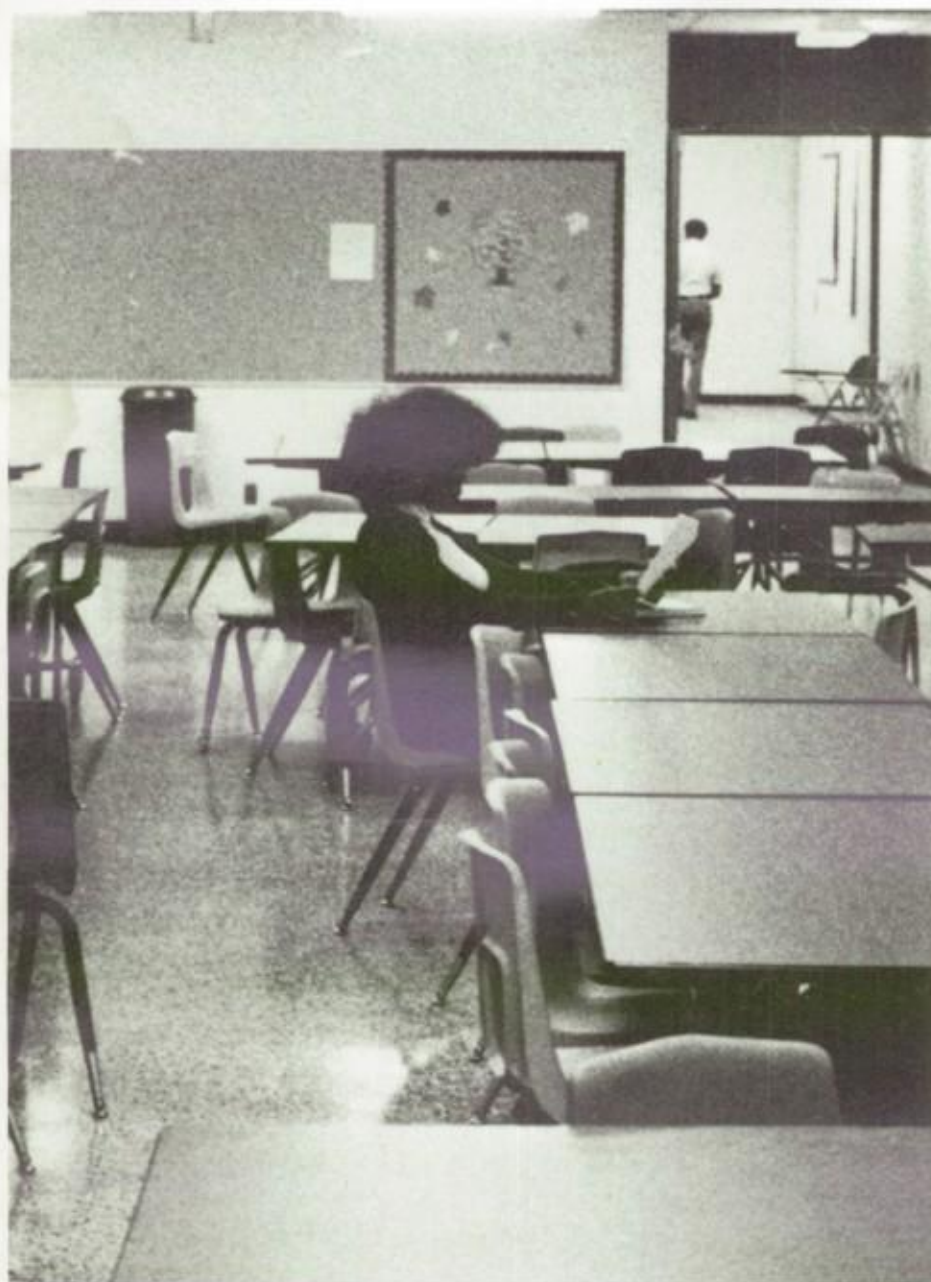

We are young and vibrantly alive

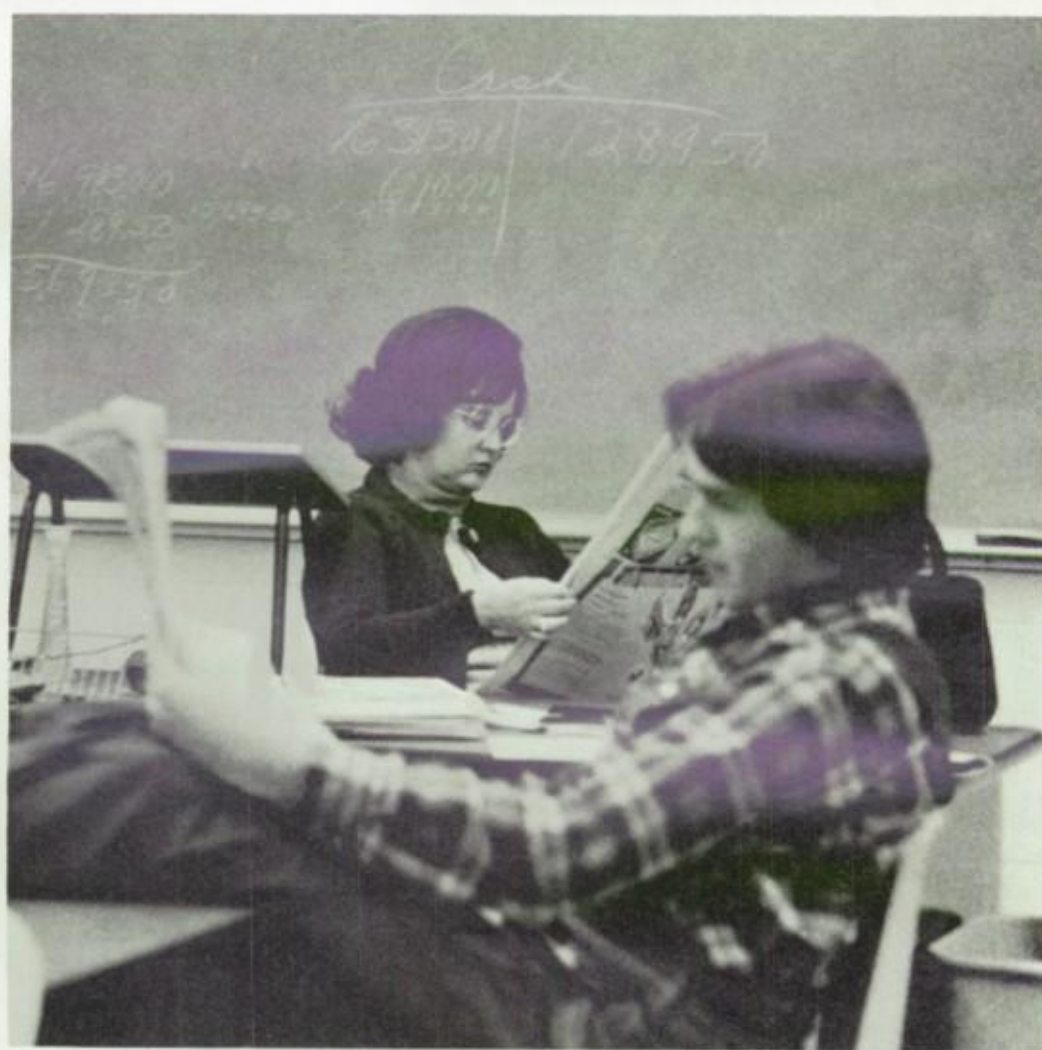

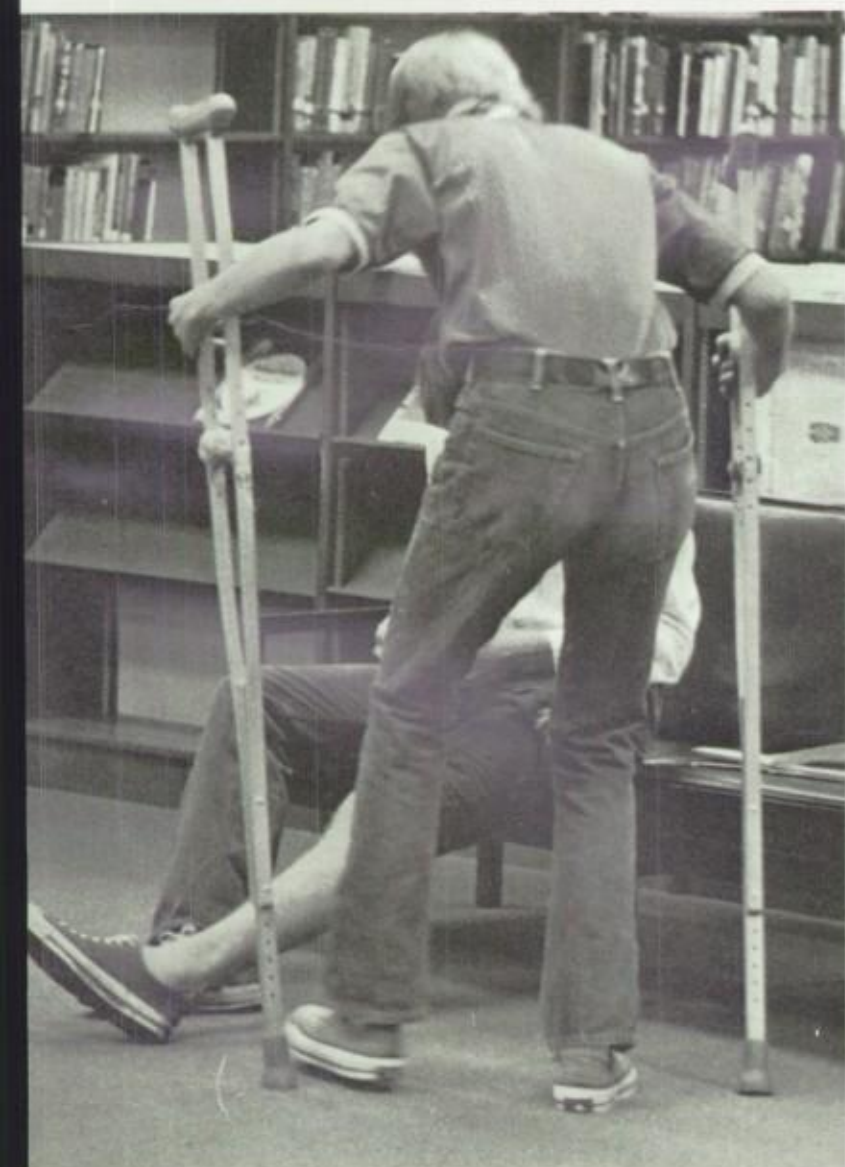

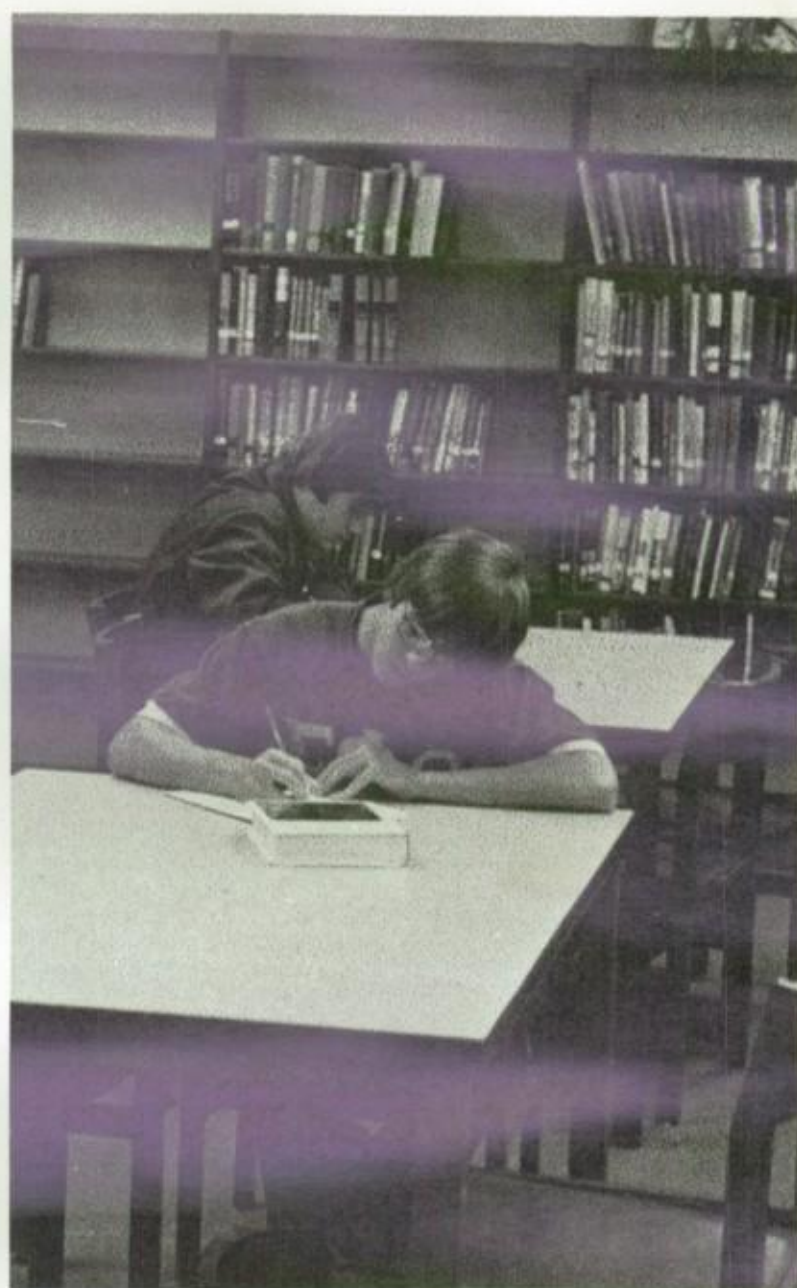

Struggling to find something . . .

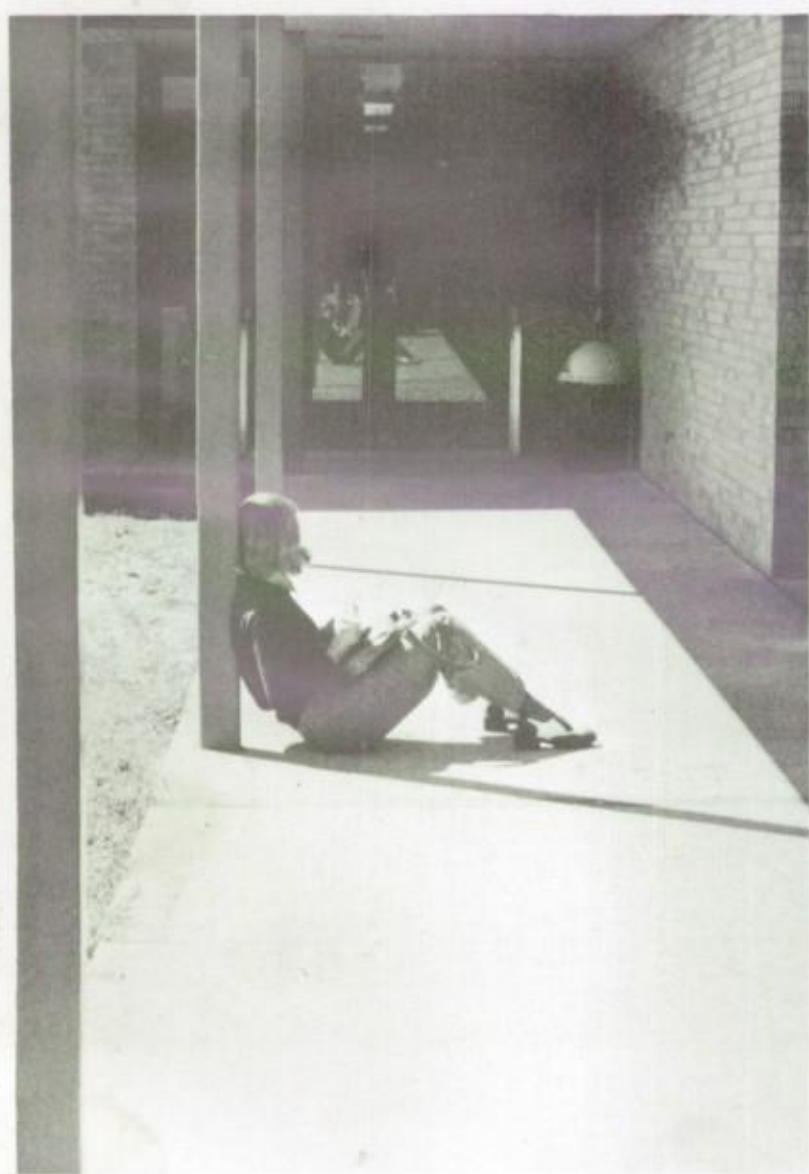

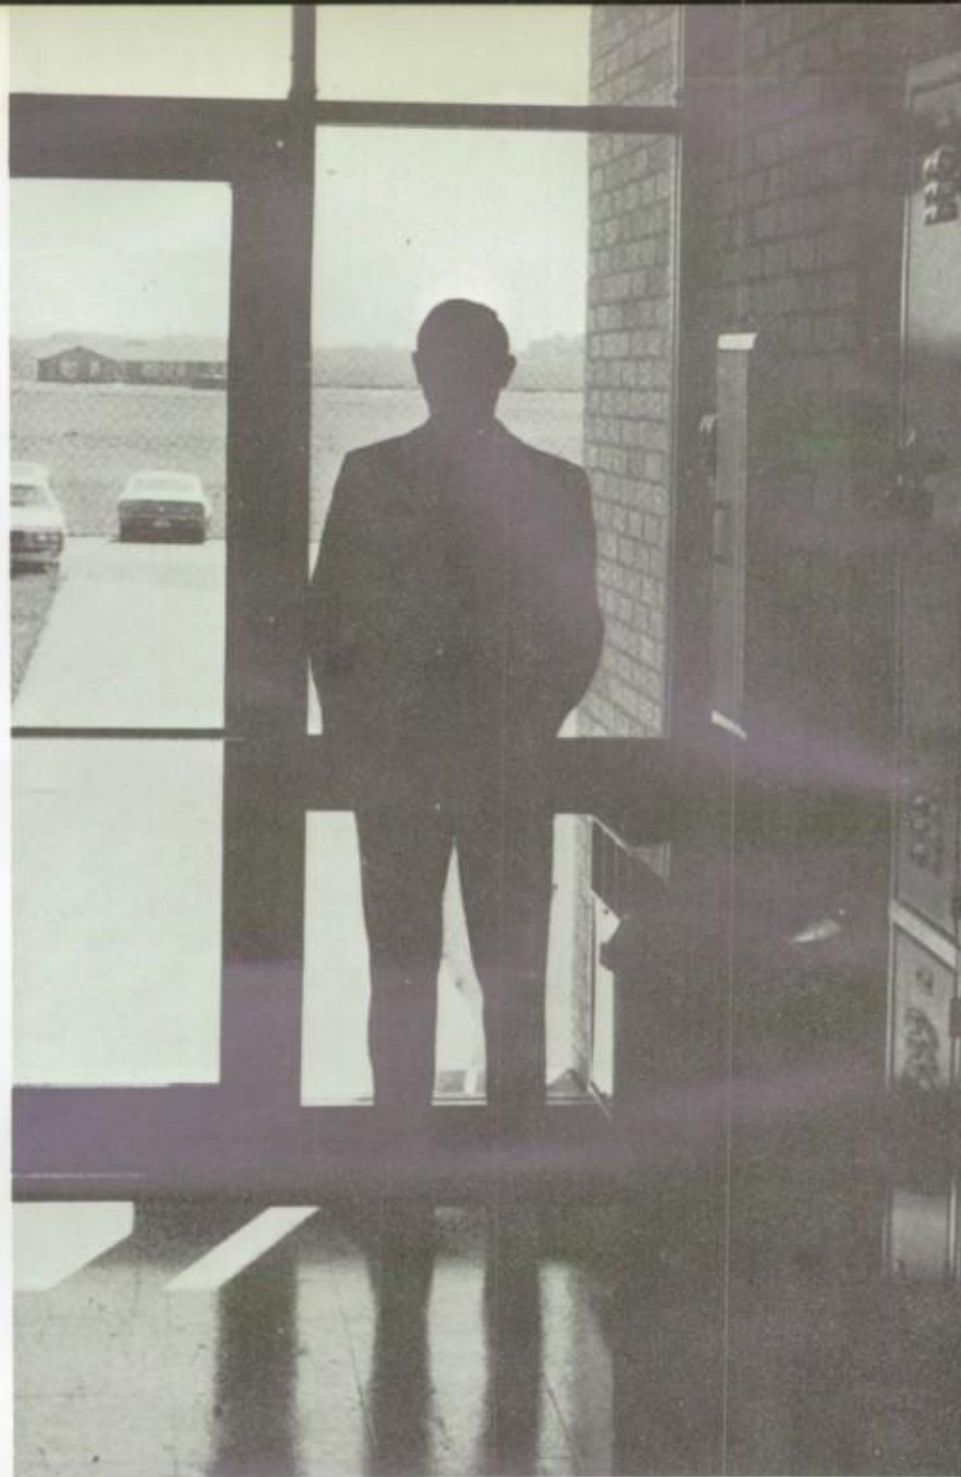

But never quite sure what we are looking for . . .

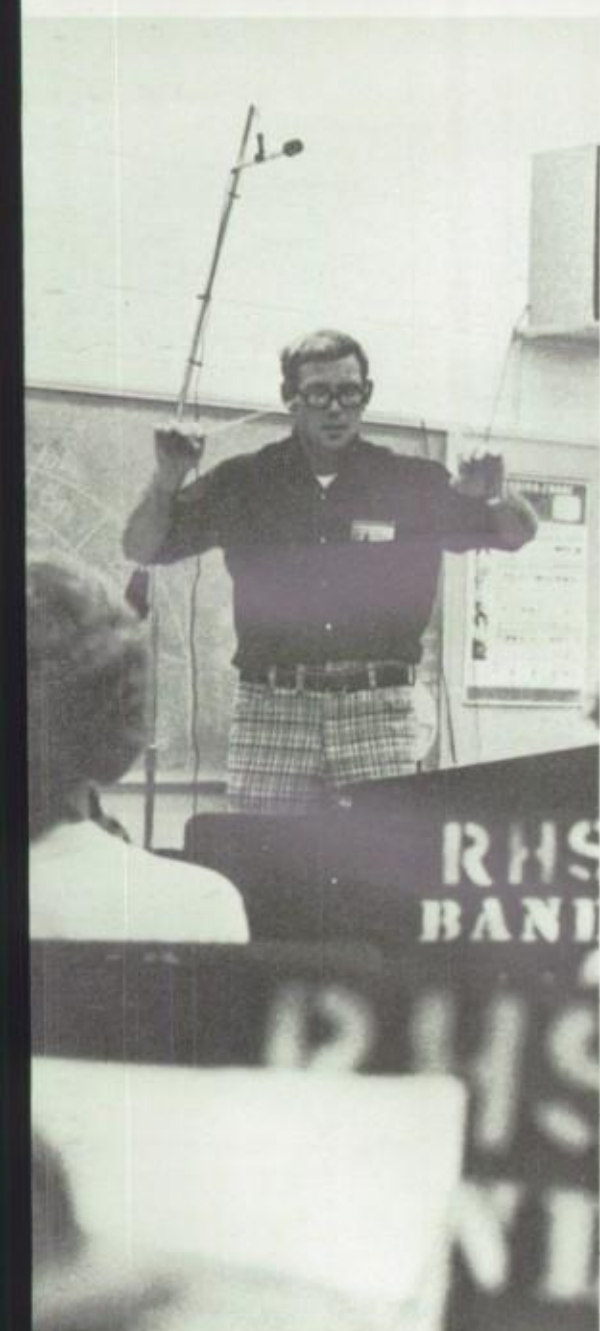

With all the problems life has to offer . . .

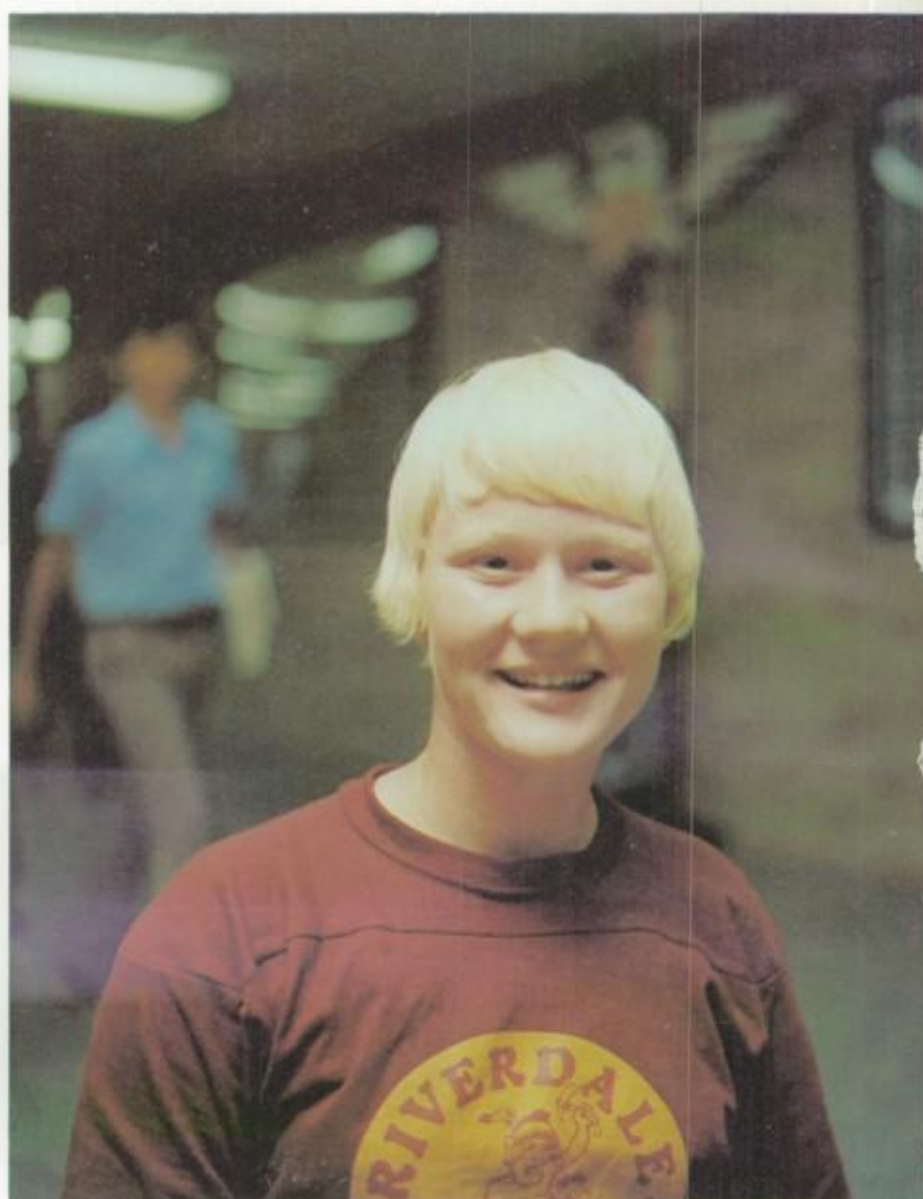

*It also offers us peace
and contentment . . .*

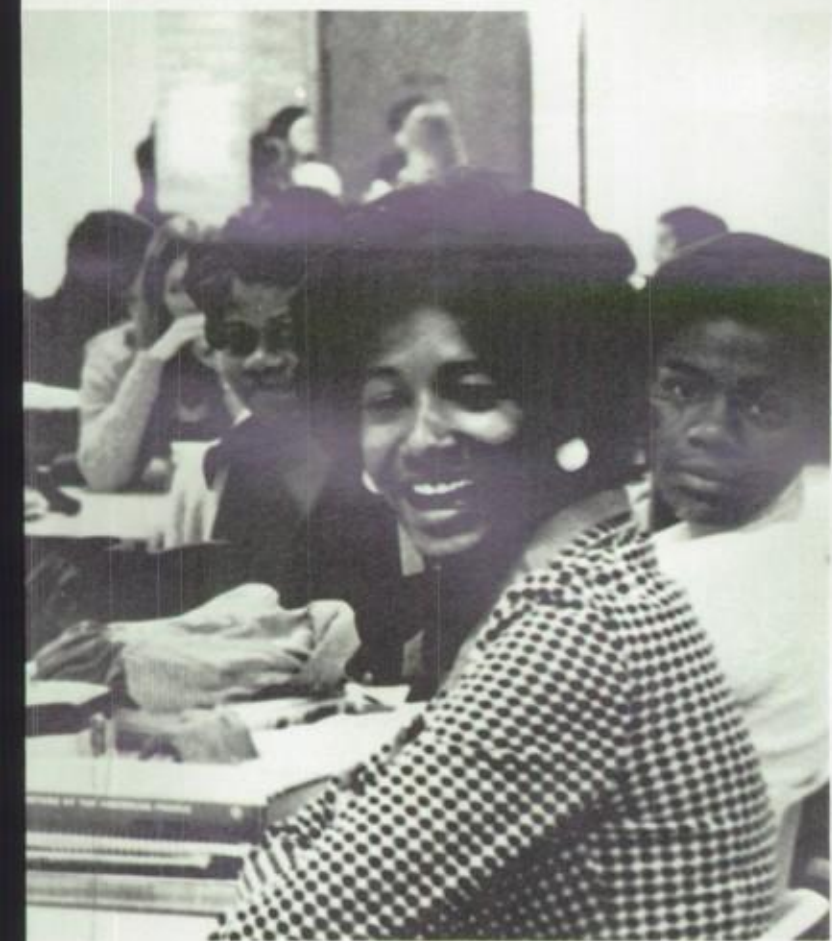

Pleasure and satisfaction in what we do

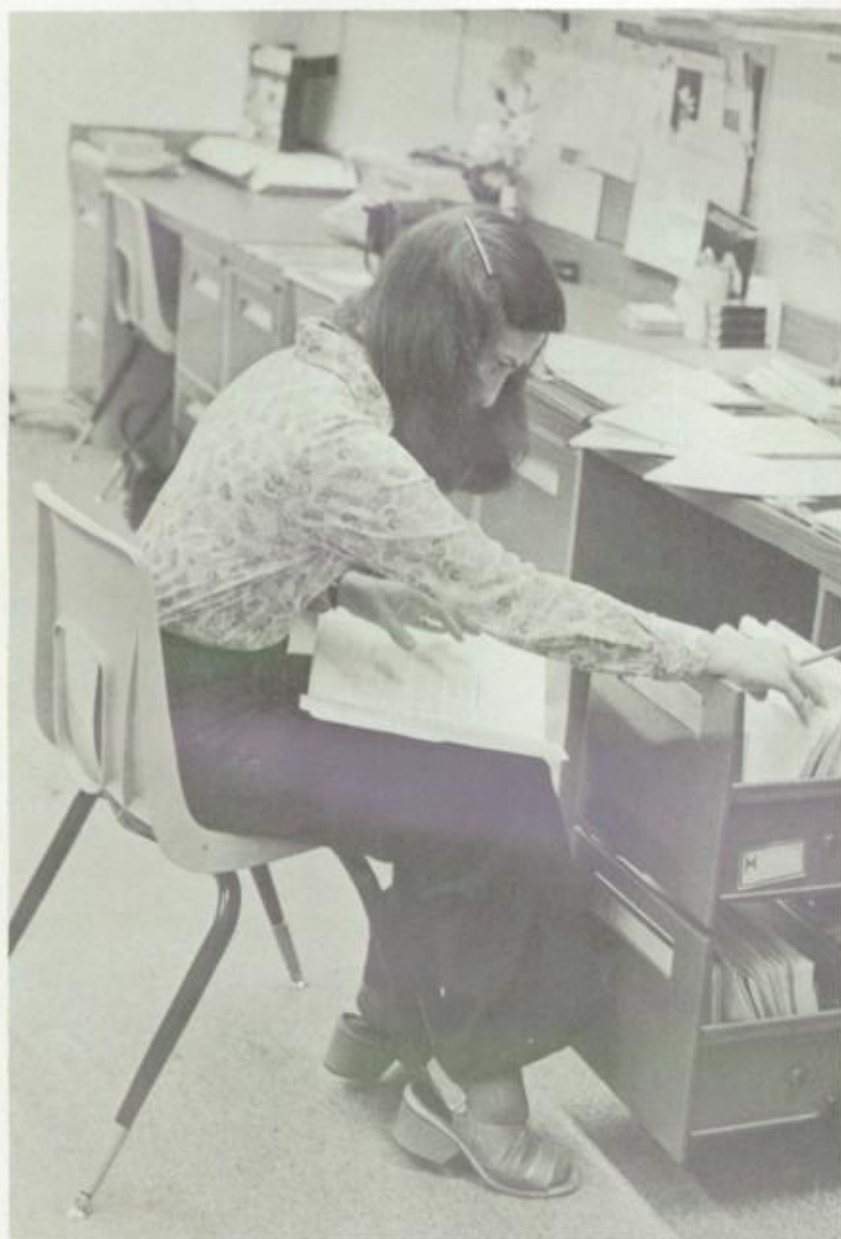

Our joy emits itself through laughter

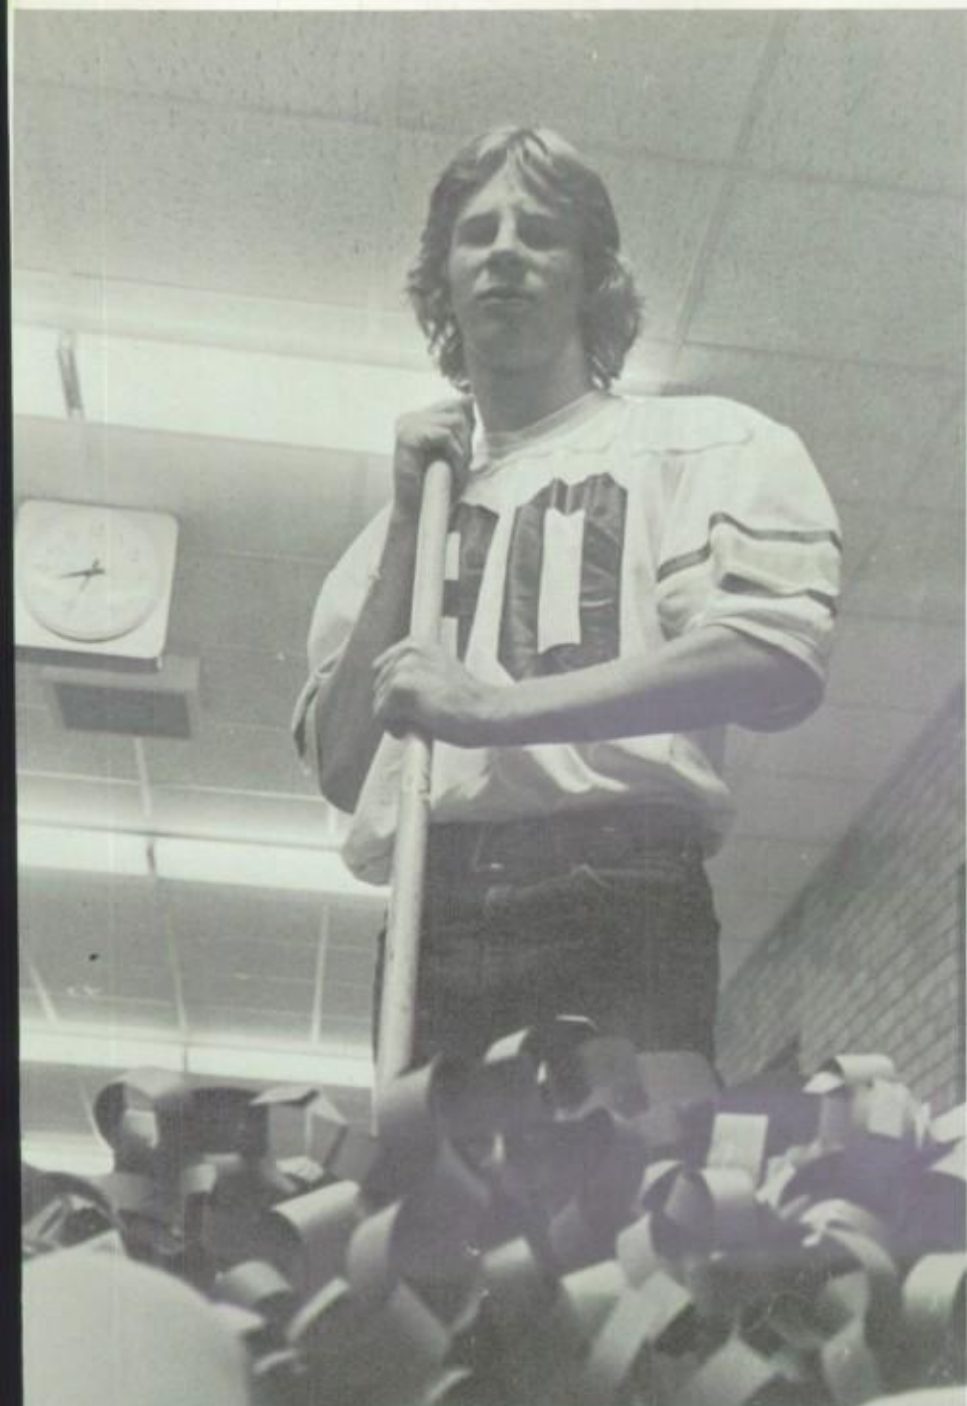

Which evolves into lightheartedness . . .

Yet in the midst of our activities . . .

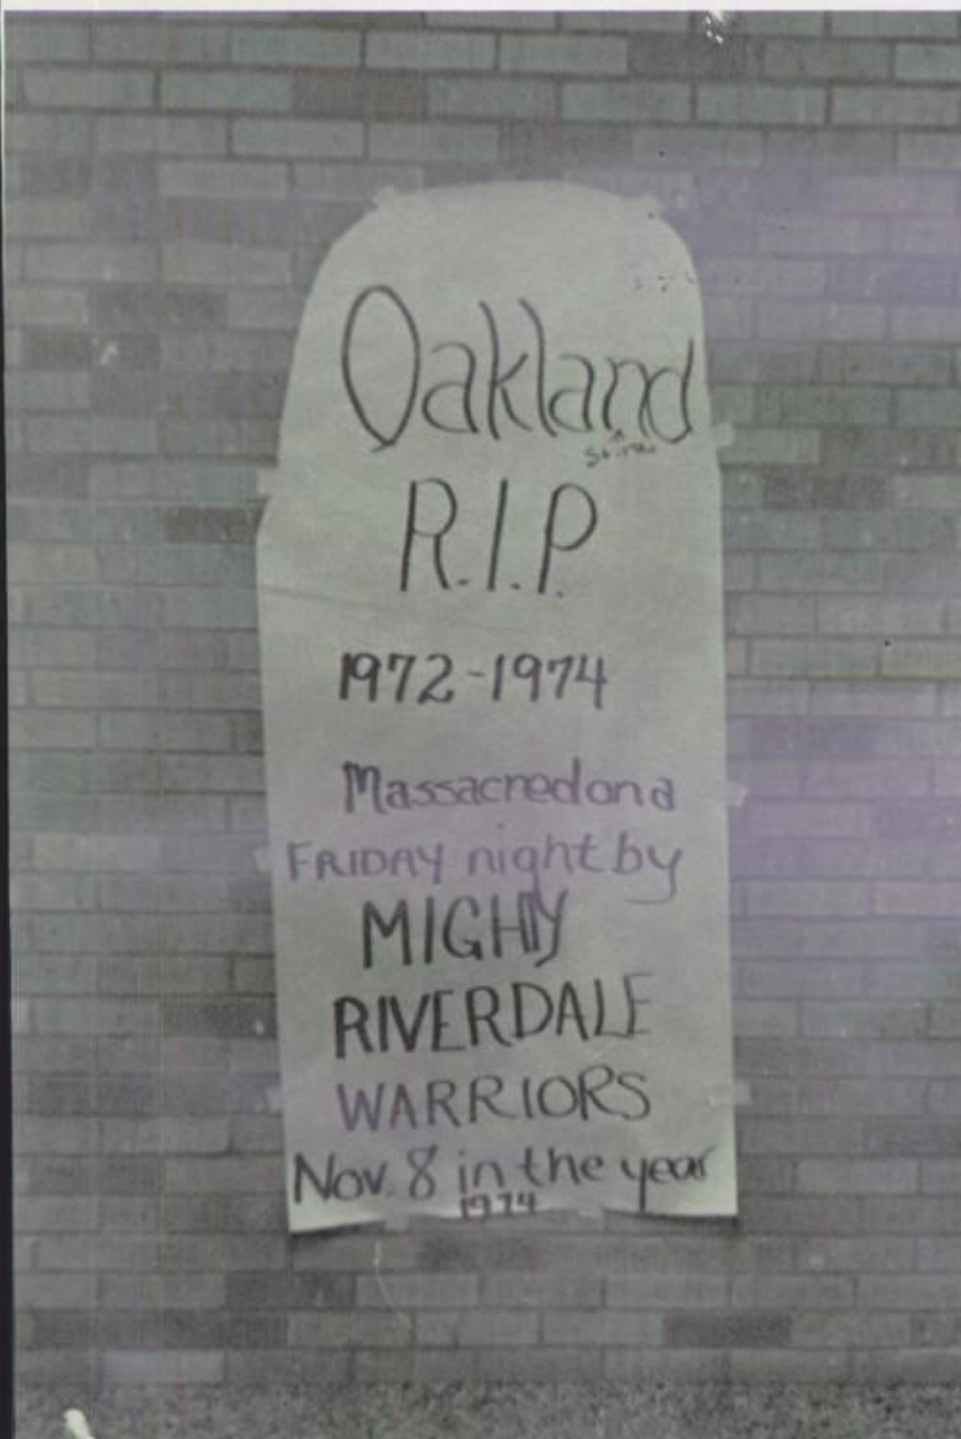

*we pause to put our
thoughts into perspective*

The year has been a good one . . .

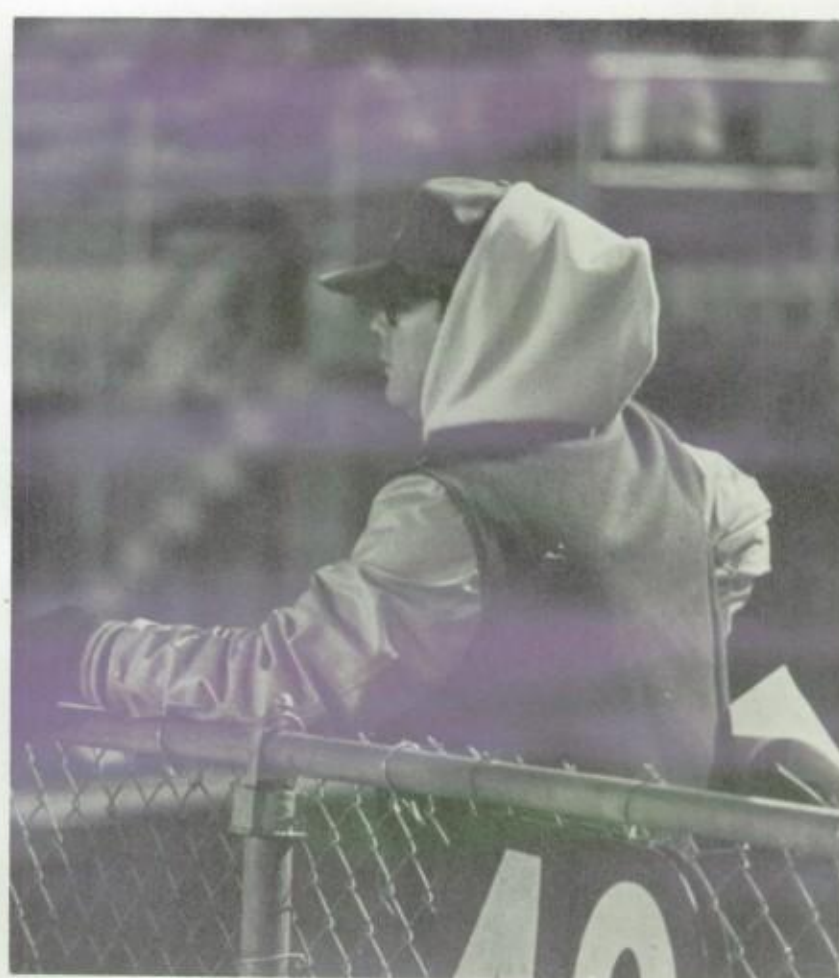

and we will carry the memories with us as we go.

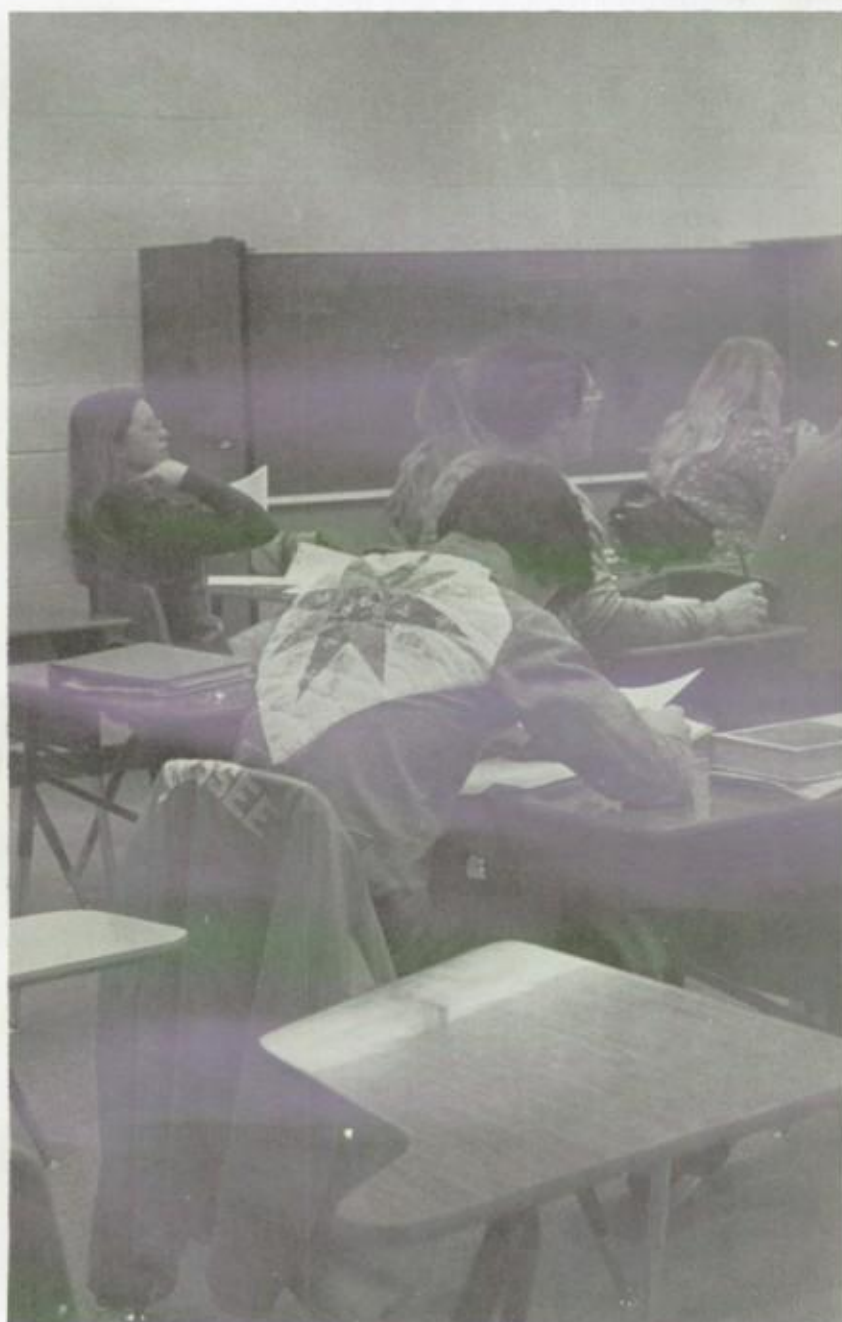

Where are we going?

We are not quite sure . . .

but our experiences here will help shape our characters . . .

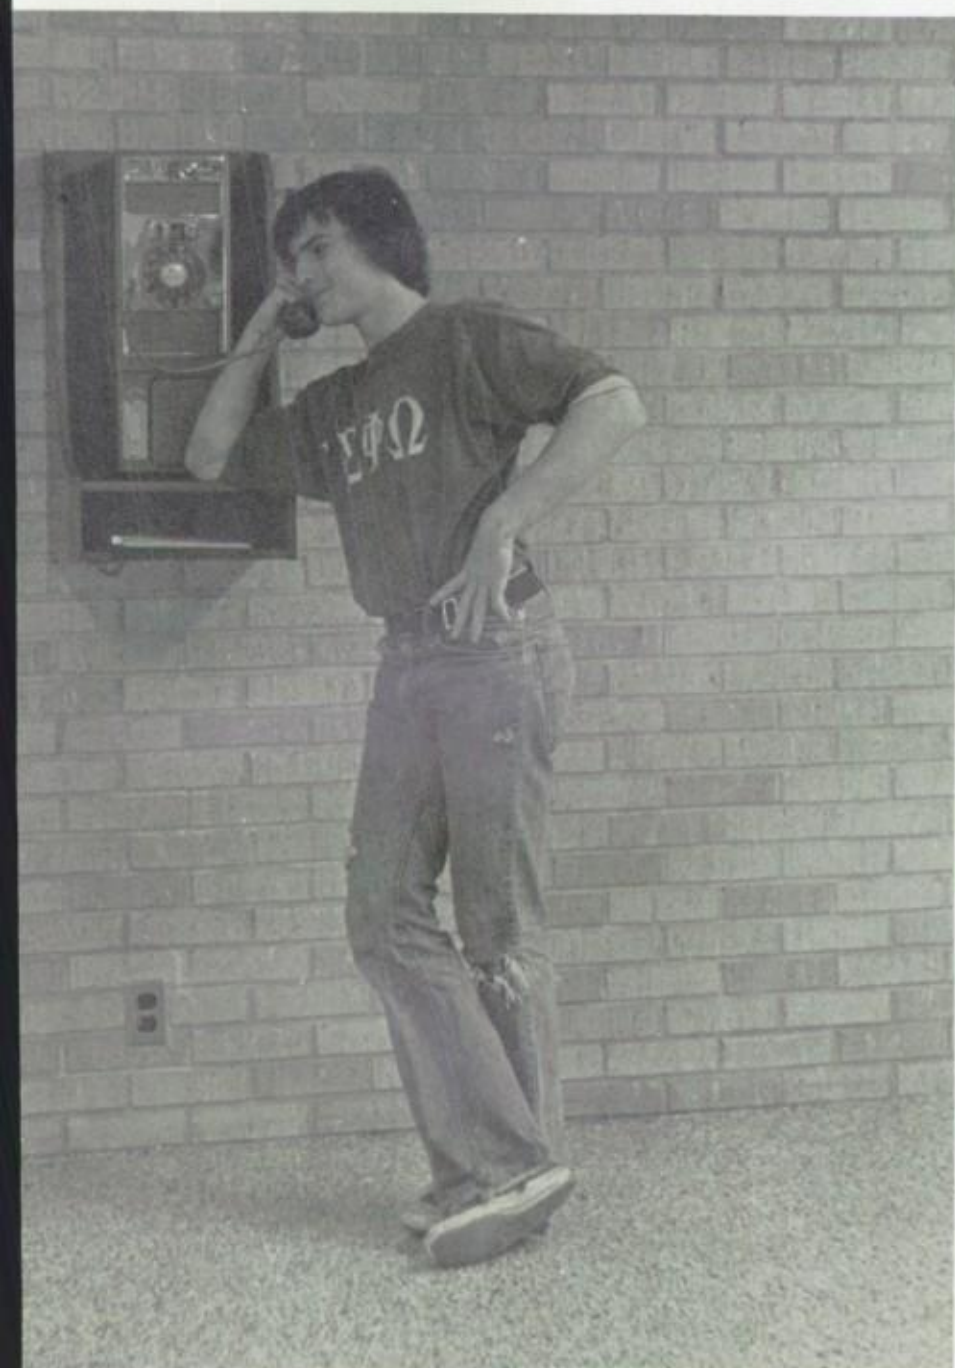

and prepare us for what the future will bring.

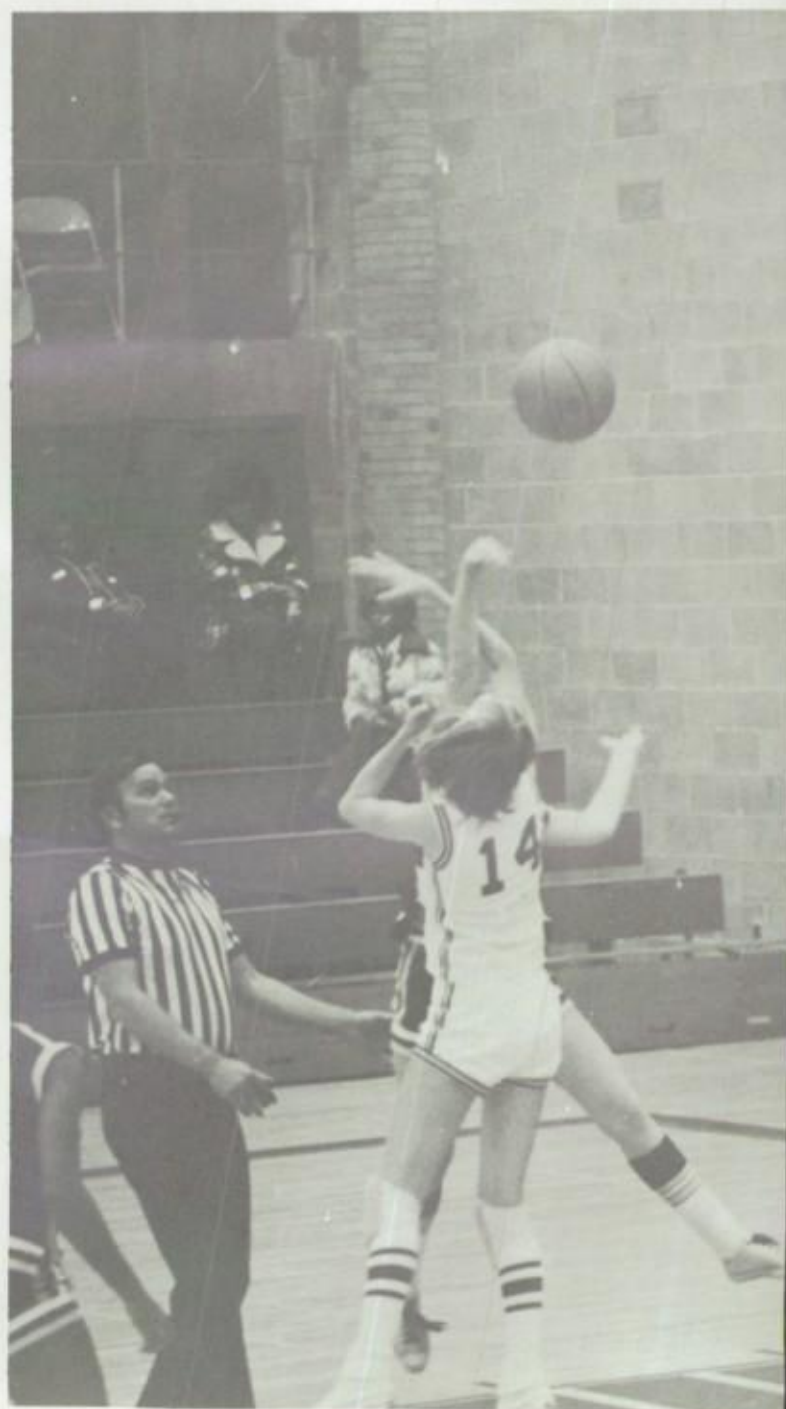

The future holds an infinite realm of possibilities . . .

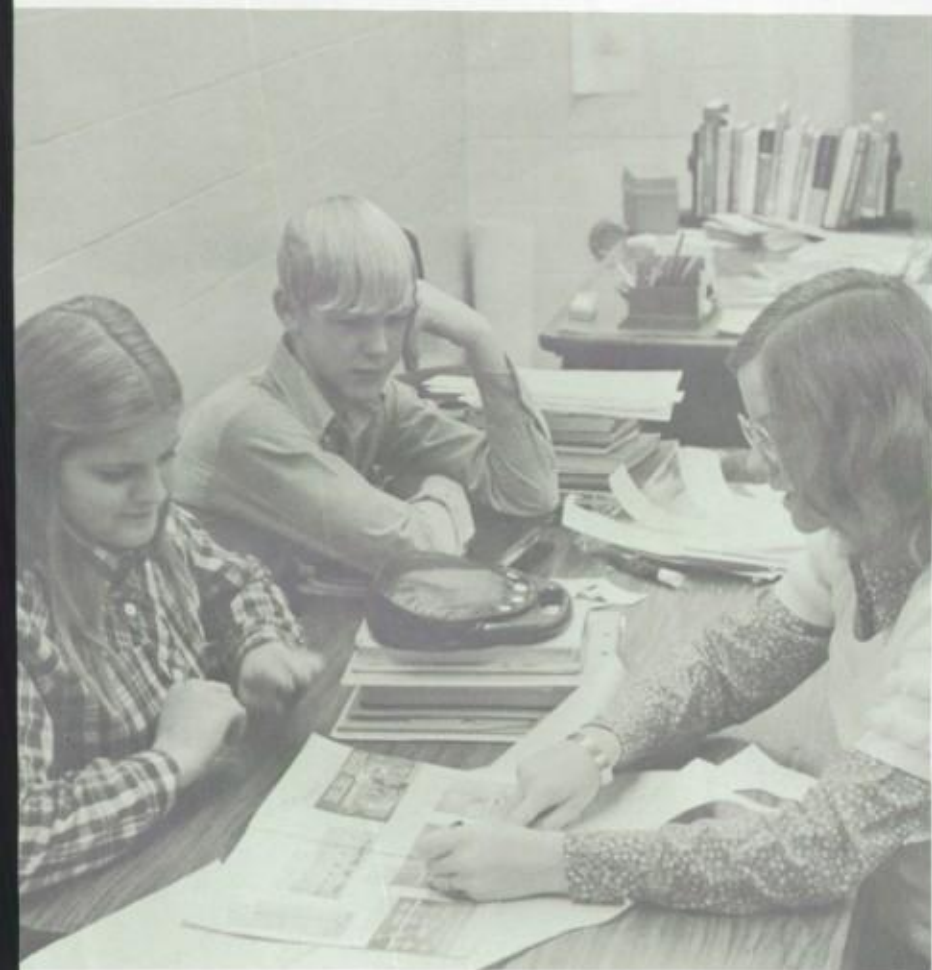

each one to be pondered and explored . . .

the end result is never certain, nor the way easy . . .

we try to make the most of every minute as the year rushes by us . . .

1975 LANCE AND SHIELD

Vicki Steagall, Editor

Laura Pullias, Editor

Message From the Editors:

We can honestly say that the LANCE AND SHIELD staff of 1975 has earned a Badge of Distinction. We are the only staff in Big Al's career that has NEVER met a deadline. (Now THAT'S distinction!) Most of our teachers have forgotten who we are; we spent half of our class time in the closet we call home "working", even if we don't get much done!

Take a photographer with a fear of the dark, Cindy O's wit, unidentifiable people in pictures, Mr. Notgrass' unending patience and tolerance of our stupidity, lost copy and countless headaches and you have a year of unforgettable memories to be cherished in years to come. We hope that this book will hold some unforgettable memories for you, too.

CHILD CARE

The occupational child care class is a new concept in vocational education designed to provide training and work experiences with young children for high school juniors and seniors. Riverdale has a well-equipped nursery for 22 three and four-year-old children who attend daily. The girls enrolled learn to work with young children and provide experience with music, stories, creative activity, snacks, and play. The child care program provides an excellent background for those students who plan to seek employment after graduation or to attend college.

1974

WARRIOR
FOOTBALL

The 1974 Warrior Football season was the most successful in the school's history . . . "Pride" was the word for the team members, coaches, and managers as they achieved a record of seven wins and three losses in the regular season and were invited to play in the Metro Bowl against McGavock, where the Warriors played exceptionally well in a 14-7 loss.

Highlights of the 1974 season included victories over powerful Fayetteville in an exciting overtime, and a win in the first game ever between the crosstown rivals. Both games were won by the Warrior 10-7.

Noseguard Frank Yeargins was outstanding on defense for the season, as he lead the feared "Blackfeet" with over 100 tackles and made things miserable for 11 Middle Tennessee offensive centers. Runningback Kenneth Roper rushed for over 1,000 yards in the team's 11 games, the first time in the school's history.

Head Coach Phil Watts and the Team Captains Pat Newman and Bobby Patton can be justifiably proud in leading the Warriors to such an enviable record.

The Warriors' record stands at 10 and 9 as this page goes to the presses. The road that lies ahead is a rough one. The District Tournaments are yet to be played. Riverdale is in the 20th District with such teams as Lebanon, Springfield, Oakland and Gallatin. It will take their best effort to advance to the Region. Riverdale will graduate only two seniors in Gusta Gaines and Anthony McCollough. They will return eleven Juniors in hopes of forming Riverdale's best team to date.

In putting together the 1975 Lance and Shield, we have had to rely on the help of several people whom we wish to thank.

First of all, to all the teachers who lost half of a class to picture-taking adventures, thank you for your patience and permission.

Delbridge Studios has also played an important part in the production of our yearbook, and especially Delbridge photographer Mike Freeman. We sincerely appreciate their time and support.

Finally, we wish to express our gratitude to Mr. and Mrs. Grady Haynes and Mr. and Mrs. B. Frank Womack for the use of their lovely homes.

Our yearbook could not have been a success without the help of these people.

*As we look
over
our experi-
ences,
we are left
with
cherished
memories
and a joy that
never ends.*

*At our departure
remains an image
imprinted in time*

*As we head for the
new world which
awaits us, we hold
fast to dreams begun
long ago.*

I do not fear tomorrow . . .

*for I remember yesterday
and love today.*

for Mrs. Anthony

Nendy, it has been a surprising pleasure to learn to know you better. I had worked with Chip and Dee on Musis Men, but didn't seem able to establish any real communication with you. How pleasant that this has changed! I believe you have the ability to look deeply into not only the printed page, but also into real people's motives and ambitions. You are able to lead others and, at least to some extent, allow for their varying abilities.

Nendy, I hope life brings to you challenge, fulfillment, and the type of love which means to be cherished.

With love and respect,

Joy Anthony

Wendy,

You are a very
sweet and nice girl.
Lots of luck to you
in the future.

Your friend,
Maureen

I'm
the clown
who went to
town and wrote in
your year book
upside down. NOT
just kidding, stay cool.

Love,
Hana

Windy! I really don't like
it. I hope to go to the lake
but you know you're not
for night with you. So
for every day I love
me.
